Our Guided Instructions

DEAN BANK

1) Guided Instructions

2) Account Switch Form

How do I switch my account to Dean Bank?

Switching your banking relationship to Dean Bank is easy! Just complete and return the simple Account Switch Form on the following page (2). If you are able, include a photocopy of each applicant's primary form of ID as well, to expedite the process.

There are four different ways to return your Account Switch Form:

Fax	Mail	Drop off	Online
508-520-2318	Dean Bank Attn: Deposit Services 21 Main Street, P.O. Box 307 Franklin, MA 02038	Drop it off at the branch nearest you	Complete and submit our secure electronic Switch Form online at www.DeanBank.com

Upon receipt of your Account Switch Form, we will process the documents to open the accounts and services that you have selected. A Customer Service Representative will then call you to arrange a convenient time for you to come into the Bank, sign your signature cards and ATM/Debit MasterCard™ application, pick up your starter checks, and register you for online banking services. At that time, we'll also assist you with switching over any direct deposits and automatic payments. When you come into the branch, please bring your driver's license or primary form of identification and your opening deposit, as well as any direct deposit and automatic payment withdrawal information so that we can assist you.

How do I switch direct deposit and automatic payments?

Direct Deposit: Contact your employer about their procedure for changing your direct deposit information. Your company may have a specific form they want you to use and they may require a voided check from your new Dean Bank account to verify your account number and Dean Bank's routing number, which is 211372035. We can also provide you with a pre-filled form when you come in to the bank to complete the account opening process.

Automatic Payment Withdrawals: If you have bills or payments that are automatically withdrawn from your account at regular intervals, such as your monthly utility bills, you will need to contact each of the companies that you have these agreements with and ask them to change your payments to be withdrawn out of your new Dean Bank account. These companies may allow you to make this change over the phone or on their website. You will need to provide your new account number and Dean Bank's routing number, which is 211372035.

How do I close my old account(s)?

Once your Dean Bank account is open, please be sure to do the following before you close your old accounts:

- Wait until all your checks, debit card purchases, and online bill payments have cleared your old checking account.
- Verify that your direct deposit(s) and automatic payment(s) have been switched over to your new Dean Bank account(s).
- Destroy any remaining old checks and cancel your ATM / debit card(s) and online banking services.

Thank you for switching to Dean Bank! If you have any questions, please call a Customer Service Representative at any of our branches.
